Viking-28  
Digital  
Automatic

TnF-27L-3  
Digital  
Automatic

## *Paragon Kilns*

The Viking series kilns are for studios that demand ample power for cone 10 firing. Even if your speciality is low fire, the Viking kilns are a good choice, because their elements last longer.

<http://www.paragonweb.com/>

### *Features of Viking Kilns*

- 3" thick firebrick wall, lid & bottom
- Safety fuse panel
- UL/CUL Listed
- National Electric Code approval
- Lite Lid spring balance
- Heavy duty elements
- 33% more power than standard models
- 2350°F firing capacity in giant studio kilns

Mike Conroy is your Factory trained service specialist

We also service other makes and models
